

## Ambergris Caye

The largest of all the cayes, Ambergris Caye is renowned for its beaches and proximity to the coral reef.

From here you can indulge any wet adventure you can dream up; sport fishing, scuba diving, snorkelling and manatee watching are among the most popular.

San Pedro, the caye, hub, offers any variety off accommodations, restaurants, and bars and nightlife.

For a change of peace and scenery, the bay side of the caye is a great place to get acquainted with Belizean bird life.
